## Description

Mercury 40 HP EFI Fourstroke Jet - Mercury jet-drive outboards are specifically designed to pilot boats in shallow waters where propeller-driven hulls are unable to operate. Because there's no lower unit extending below the hull, the jet drive permits passage over obstacles that would restrict access to a propeller-driven outboard boat.

HP / kW

- 40 / 29

Engine type

- Inline 4

Displacement (CID/CC)

- 60.8 / 995

Full throttle RPM

- 5500-6000
